T7xi Treadmill

MATRIX

Intuitive App Interface

The 7xi's touch interface was thoughtfully designed for fitness. Its clean Home screen is the easiest way users can access content. From built-in social media apps to Virtual Active to on-demand TV and video, engaging content is just a touch away.

Hardware. Software. The Experience.

Matrix creates it all, so a user completing a Virtual Active™ workout feels incline changes as the terrain changes and hears ambient noises, and they can post their workout data to social profiles with a single touch for a truly integrated experience.
