

**Independent Converging/Diverging Motion**

Select machines offer converging and diverging motions that encourage a natural path of motion for increased comfort and independent arm movement for superior functionality and variety.

**Exercise Placards**

Conveniently located and easy to read exercise placards offer a quick reference to targeted muscle groups and proper machine use. Placards also offer color references to easily identify muscle-group categories.

**Color-Coded Adjustment Points**

Conveniently located adjustment points are clearly marked for ease of use.
